REMANUFACTURED PRODUCT

SKU#: TLS-350 System ECPU2 FE Reb

TLS-350 System

WHY CHOOSE FREEDOM PRODUCTS:

- We have immediate availability of all TLS-350 Systems.

- We include a new FE-350 printer with every TLS-350 purchase.

- We replace and upgrade all common failure items to meet or exceed OEM specs.

- The FE-350 printer uses the same thermal paper as the paper used in the pump card readers — keep one paper sku on site instead of two.

Available as a remanufactured system, the **TLS-350 System** ships with the most reliable printer in the industry, the **Freedom Engineered FE-350** printer (a Hengstler printer design).
